# A Psychoanalytic Perspective on Reading Literature

Reading the Reader

**Merav Roth**, Doctoral Program in Clinical Psychology, University College London, UK

*Series: Art, Creativity, and Psychoanalysis Book Series*

What are the unconscious processes involved in reading literature? How does literature influence our psychological development and existential challenges? *A Psychoanalytic Perspective on Reading Literature* offers a unique glimpse into the unconscious psychic processes and development involved in reading. The author listens to the "free associations" of various literary characters, in numerous scenarios where the characters are themselves reading literature, thus revealing the mysterious ways in which reading literature helps us and contributes to our development.
