March 7, 2018

Dear Gila,

Congratulations! You have met and documented your completion of all requirements for the International Society for Schema Therapy certification as an **Advanced Level Therapist in Individual Schema Therapy**. You may identify yourself with this certification and be listed on the ISST website as a Certified Schema Therapist. To continue to be a certified schema therapist you must maintain your ISST membership by paying your annual dues on time.

Your certificate is attached. You will be able to print it on your own choice of paper.

You may register, if you have not already on the ISST website – www.schematherapysociety.com and enter your own listing with the appropriate level of certification.

Best regards,

Joan M. Farrell, Ph.D.

International Society of
Schema Therapy

Gila Paz
